“What is NPU ?”

What is NPU?

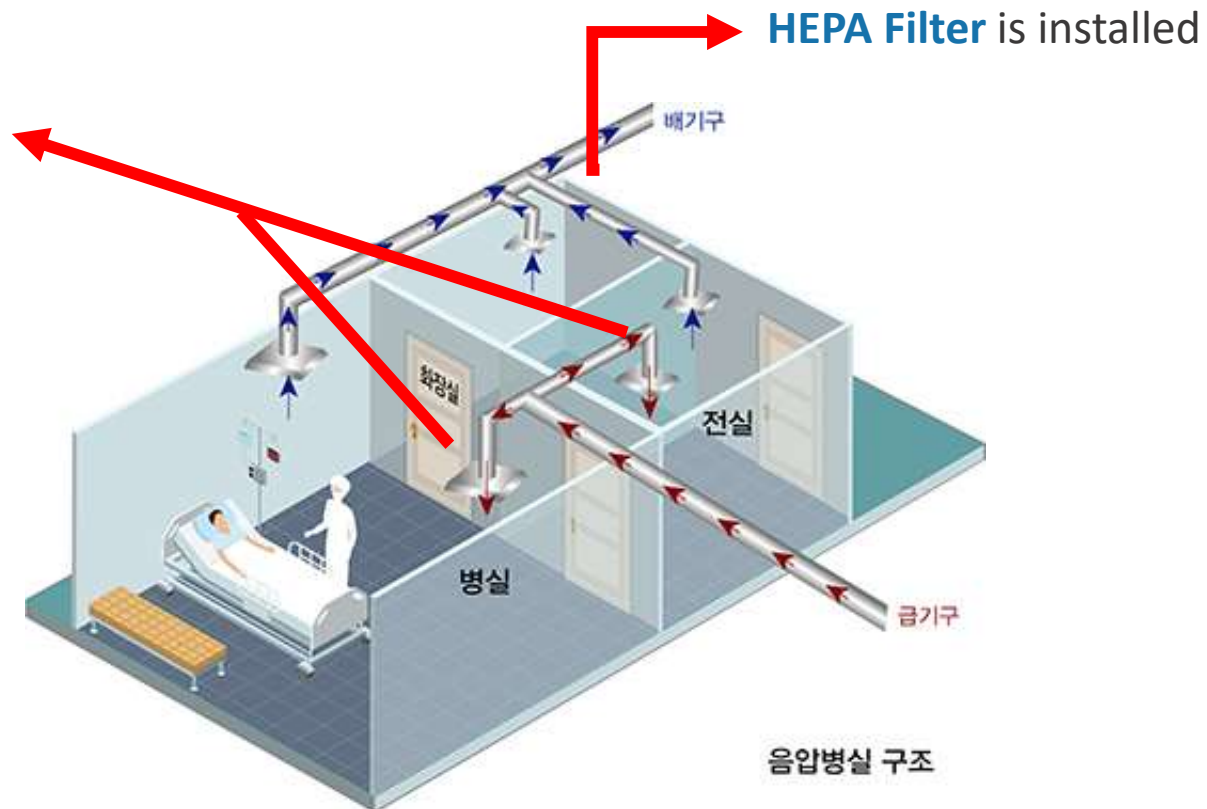

Negative Pressure Unit

: a **special isolation ward** that keeps respiratory-mediated infectious disease patients away from visitors, medical staff and other patients.

What is NPU?

Prevent the spread of the virus by using **pressure difference**.

Problems of NPU

**Inefficient use
of space**

**Low
profitability**

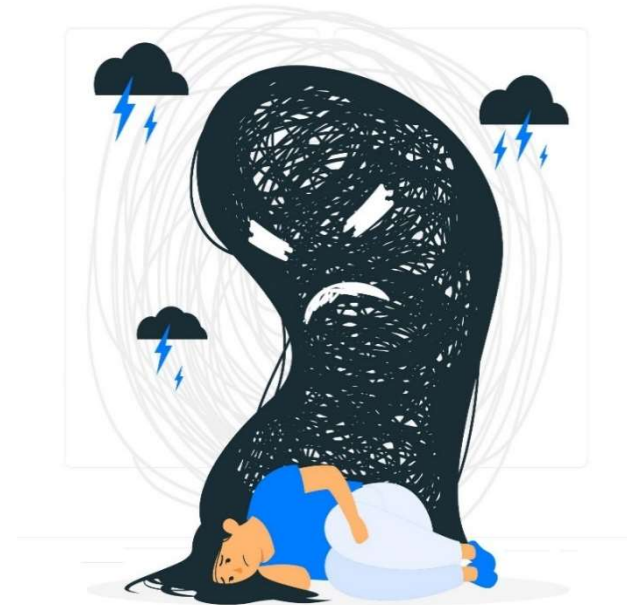

Inefficiency

**“What is the
negative effects of NPU
on the patient’s mental?”**

Effects of low pressure

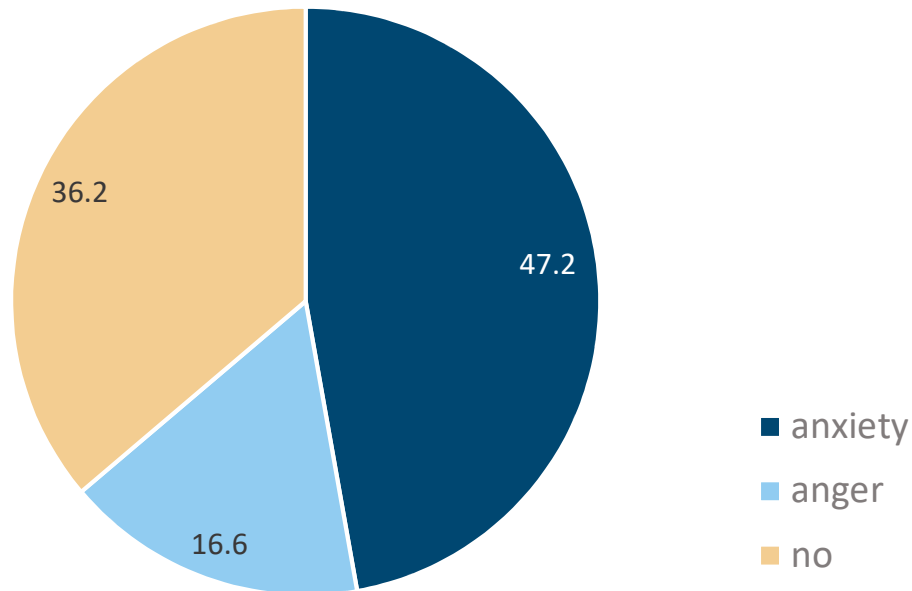

1. Activate parasympathetic nerve
→ Suffering from **headache** and **lethargy**
2. Inhibits the serotonin metabolism.
→ Causing **impulsive behavior**

Effects of Isolation

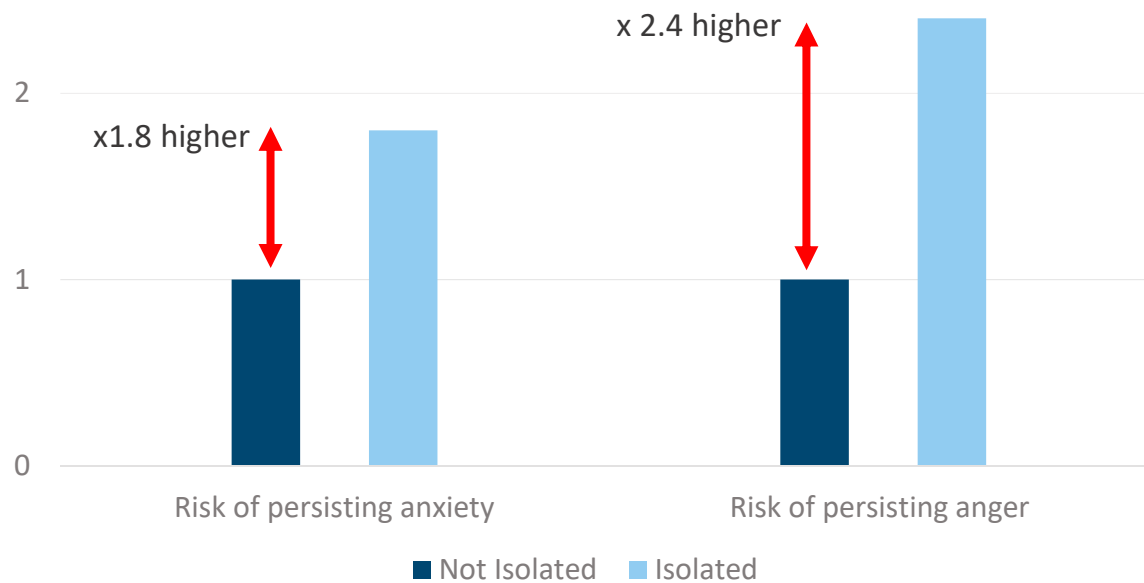

Patients feel isolated, terrified, and insecure during isolation..

Number of people who feel depression and anger while treating MERS-CoV using NPU

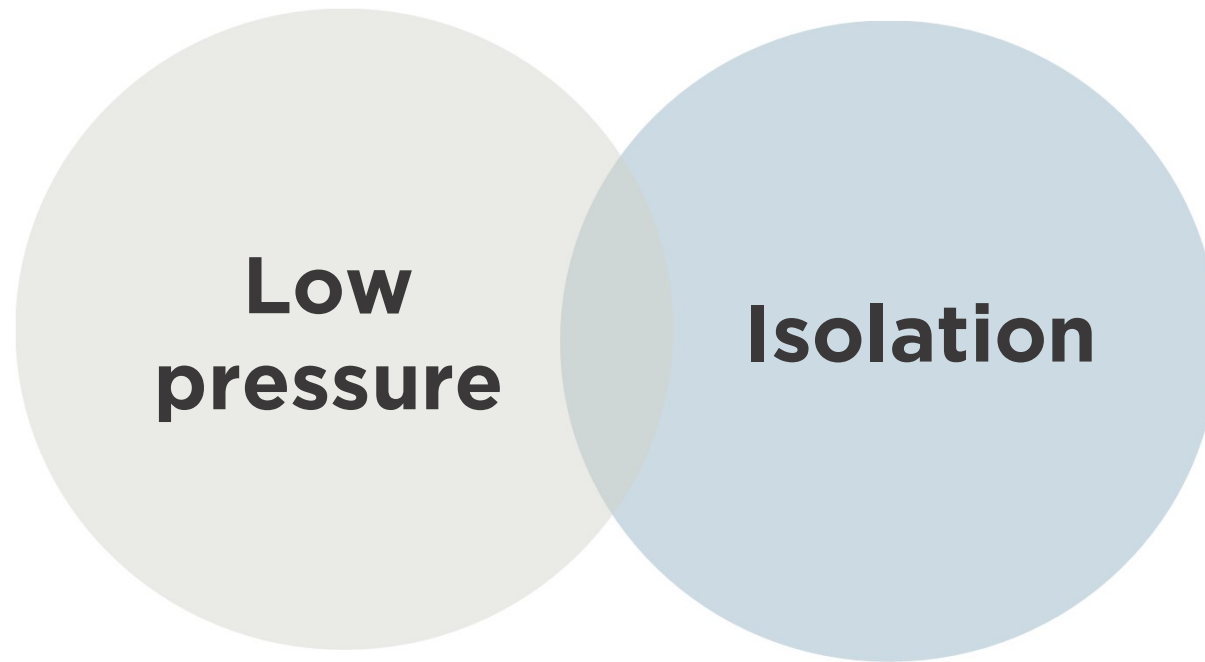

After Isolation

Investigation on the possibility of Continuing Psychological Symptoms after isolation at NPU

Conclusion

Thank you
